Chinese Hamster Ovary HCP ELISA Kit (Supernatant)

Catalog # KA8360 Size 1 Kit

Specification

Product Description	Chinese Hamster Ovary HCP ELISA Kit (Supernatant) is a sandwich enzyme immunoassay for the quantitative measurement of Chinese hamster ovary (CHO) Host Cell Protein (HCP) host cell protein in cell culture media, purification intermediates, final products and cell lysates.
Suitable Sample	cell culture media, purification intermediates, final products and cell lysates
Calibration Range	3.125 ng/mL to 400 ng/mL
Limit of Detection	0.78 ng/mL
Reactivity	Hamster
Quality Control Testing	The standard curve is for the purpose of illustration only and should not be used to calculate unknowns. A standard curve should be generated each time the assay is performed.
Storage Instruction	Store at 4°C. Avoid multiple freeze-thaw cycles.

Applications

- Enzyme-linked Immunoabsorbent Assay
