

Adenovirus E1A monoclonal antibody, clone M73

Catalog # MAB1874

Size 100 ug

Specification

| | |
|----------------------------|---|
| Product Description | Mouse monoclonal antibody raised against full length recombinant E1A. |
|----------------------------|---|

| | |
|------------------|--|
| Immunogen | Recombinant protein corresponding to full length adenovirus E1A. |
|------------------|--|

| | |
|-------------|-------|
| Host | Mouse |
|-------------|-------|

| | |
|-------------------|-------|
| Reactivity | Human |
|-------------------|-------|

| | |
|-------------|--------|
| Form | Liquid |
|-------------|--------|

| | |
|---------------------|--------------------------------|
| Purification | Ammonium sulfate precipitation |
|---------------------|--------------------------------|

| | |
|----------------|--------------|
| Isotype | IgG2a, kappa |
|----------------|--------------|

| | |
|--------------------------------|--|
| Quality Control Testing | Antibody Reactive Against Recombinant Protein. |
|--------------------------------|--|

| | |
|------------------------|---|
| Recommend Usage | Immunofluorescence (2-5 ug/mL) Immunoprecipitation (1-2 ug/mL) The optimal working dilution should be determined by the end user. |
|------------------------|---|

| | |
|-----------------------|-----------------------------|
| Storage Buffer | In PBS (0.08% sodium azide) |
|-----------------------|-----------------------------|

| | |
|----------------------------|--|
| Storage Instruction | Store at -20°C. Aliquot to avoid repeated freezing and thawing. |
|----------------------------|--|

| | |
|-------------|--|
| Note | This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
|-------------|--|

Applications

- Immunofluorescence
- Immunoprecipitation

Publication Reference

- [Association of adenovirus early-region 1A proteins with cellular polypeptides.](#)

Harlow E, Whyte P, Franza BR Jr, Schley C.

Molecular and Cellular Biology 1986 May; 6(5):1579.

Application: IP, RIA, WB-Ce, Human, HEK 293, HeLa cells, Purified proteins

- [Monoclonal antibodies specific for adenovirus early region 1A proteins: extensive heterogeneity in early region 1A products.](#)

Harlow E, Franza BR Jr, Schley C.

Journal of Virology 1985 Sep; 55(3):533.

Application: Dot, IF, IP, Human, HeLa cells
