

Biotin-(AC₅)₂-OSu

Catalog # U0558

Size 10 mg

Specification

Product Description	Biotin-(AC ₅) ₂ -OSu is used as the biotin labeling agent with a longer spacer.
Theoretical MW (kDa)	567.7
Form	Lyophilized
Purity	>=90% by HPLC
Storage Instruction	Store at -20°C.
Note	The longer spacer enables streptavidin or anti-biotin IgG to recognize biotin without structural inhibition.

Applications

- Purification
