

Biotin Sulfo-OSu

Catalog # U0559 Size 10 mg

Specification

Product Description	Biotin Sulfo-OSu is used as the biotin labeling agent.
----------------------------	--

Theoretical MW (kDa)	443.43
-----------------------------	--------

Form	Lyophilized
-------------	-------------

Purity	>=95% by HPLC
---------------	---------------

Storage Instruction	Store at -20°C.
----------------------------	-----------------

Applications

- Purification
