ALDH5A1 polyclonal antibody

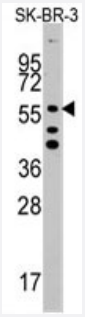

Catalog # PAB3135 Size 400 uL

Applications

Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Formalin-fixed and paraffin-embedded human hepatocellular carcinoma reacted with ALDH5A1 polyclonal antibody (Cat # PAB3135) , which was peroxidase-conjugated to the secondary antibody, followed by DAB staining. This data demonstrates the use of this antibody for immunohistochemistry; clinical relevance has not been evaluated.

Western Blot (Cell lysate)

Western blot analysis of ALDH5A1 polyclonal antibody (Cat # PAB3135) in SK-BR-3 cell line lysates (35 ug/lane). ALDH5A1 (arrow) was detected using the purified polyclonal antibody.

Specification

Product Description	Rabbit polyclonal antibody raised against synthetic peptide of ALDH5A1.
Immunogen	A synthetic peptide (conjugated with KLH) corresponding to C-terminus of human ALDH5A1.
Host	Rabbit
Reactivity	Human
Form	Liquid
Purification	Protein A purification

Copyright © 2023 Abnova Corporation. All Rights Reserved.

Recommend Usage	Western Blot (1:1000) Immunohistochemistry (1:10-50) The optimal working dilution should be determined by the end user.
Storage Buffer	In PBS (0.09% sodium azide)
Storage Instruction	Store at 4°C. For long term storage store at -20°C. Aliquot to avoid repeated freezing and thawing.
Note	This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which shoul d be handled by trained staff only.

Applications

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

  Formalin-fixed and paraffin-embedded human hepatocellular carcinoma reacted with ALDH5A1 polyclonal antibody (Cat # PAB3135) , which was peroxidase-conjugated to the secondary antibody, followed by DAB staining. This data demonstrates the use of this antibody for immunohistochemistry; clinical relevance has not been evaluated.

- Western Blot (Cell lysate)

  Western blot analysis of ALDH5A1 polyclonal antibody (Cat # PAB3135) in SK-BR-3 cell line lysates (35 ug/lane). ALDH5A1 (arrow) was detected using the purified polyclonal antibody.

Gene Info — ALDH5A1

Entrez GeneID	7915
Protein Accession#	NP_001071;P51649
Gene Name	ALDH5A1
Gene Alias	SSADH, SSDH
Gene Description	aldehyde dehydrogenase 5 family, member A1
Omim ID	271980 610045
Gene Ontology	Hyperlink
Gene Summary	This protein belongs to the aldehyde dehydrogenase family of proteins. This gene encodes a mito chondrial NAD(+)-dependent succinic semialdehyde dehydrogenase. A deficiency of this enzyme , known as 4-hydroxybutyricaciduria, is a rare inborn error in the metabolism of the neurotransmitt er 4-aminobutyric acid (GABA). In response to the defect, physiologic fluids from patients accumu late GHB, a compound with numerous neuromodulatory properties. Two transcript variants encodi ng distinct isoforms have been identified for this gene. [provided by RefSeq
