Recombinant Factor C Endotoxin Detection Kit

Catalog # KA8397 Size 1 Kit

Specification

Product Description	Recombinant Factor C Endotoxin Detection Kit is a sandwich enzyme immunoassay for the quantitative measurement in raw materials, excipients, intermediates, and released products of human and veterinary injectables.
Suitable Sample	raw materials, excipients, intermediates, and released products of human and veterinary injectables
Calibration Range	0.005 to 5EU/mL
Reactivity	Bacteria
Quality Control Testing	The standard curve is for the purpose of illustration only and should not be used to calculate unknowns. A standard curve should be generated each time the assay is performed.
Storage Instruction	Store at 4°C. Avoid multiple freeze-thaw cycles.

Applications

- Enzyme-linked Immunoabsorbent Assay
